

BARRON COUNTY DEPARTMENT OF HEALTH & HUMAN SERVICES

June 29, 2015

Wisconsin Well Woman Program (WWWP) enrollment services for Barron County are now being handled through a multi-county coordinating agency. Polk County Health Department is that agency and is now serving the counties of Barron, Burnett, Douglas, Polk, Rusk, and Washburn.

The services that WWWP provides and the eligibility requirements have not changed.

Please contact Julie McClelland-Komorowski at 715-485-8514 at Polk County Health Department for questions or enrollment.

Barron County Public Health would like to extend appreciation to all Barron County Well Woman Program participants. It has been a privilege to serve you throughout the years.

Kelli Engen, Health Officer/Public Health program Manager
Barron County Health and Human Services
335 E Monroe Ave
Barron, WI 54812
