

# Town of Clinton, 17<sup>th</sup> Avenue Hay River Bridge Replacement

Barron County

July 2019

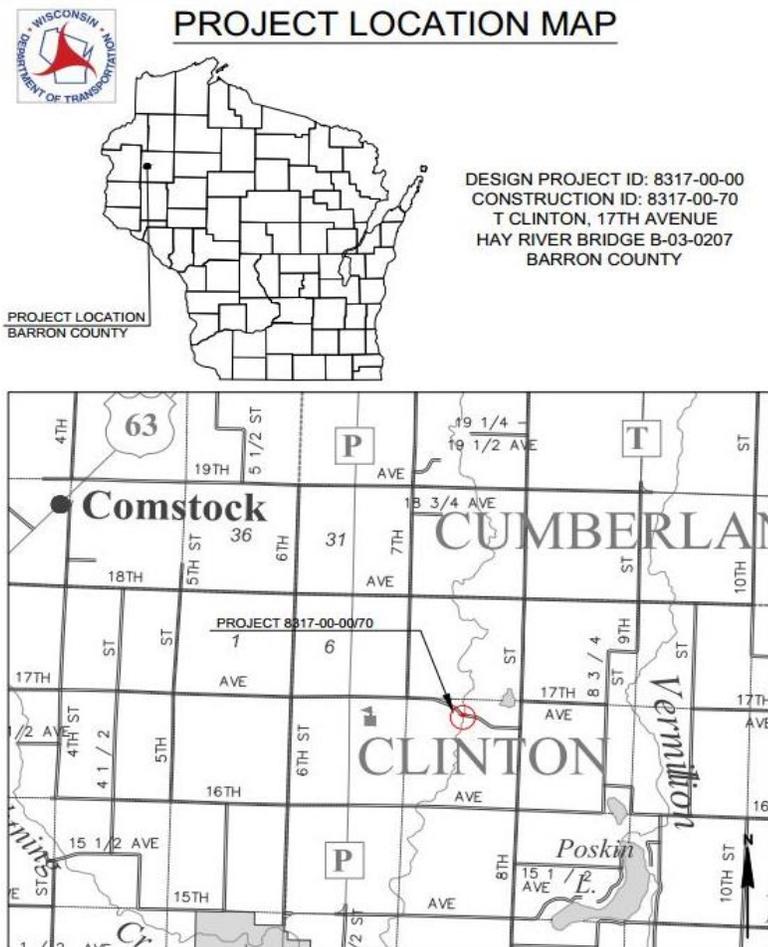

This bridge replacement project is part of the WisDOT Local Bridge Improvement Assistance Program, Low-risk Delivery Pilot Program involving the replacement of Structure P-03-0101 along the 17<sup>th</sup> Avenue in Barron County, Wisconsin.

## Proposed project details

- Existing Structure P-03-0101 will be replaced with Structure B-03-0207.
- Structure B-03-0207 will be a 24' clear width and 30' long span bridge.
- Approximately 50' of rural approaches will be reconstructed to current standards in each direction.

## Traffic impacts

- 17th Avenue is a low-volume local road with suitable alternative routes around the project for local traffic.

## Schedule

**February 2020** –Project LET for bid

**Spring/Summer 2020** - Replace bridge and reconstruct approaches

**Fall 2020** - Project complete
