Brain Gain

- Graduates stay and contribute in our communities (80% in WI; 64% in district)
- Sustain and grow high technology businesses
- These high wage jobs and the multiplier effect of these payrolls are crucial for quality of life, vigor of communities, tax and revenue sources for local, county and state governments.

Five-Year Longitudinal Follow-Up of 2005-2006 Graduates

Average Yearly Salary Increase Compared to Consumer Price Index Increase

Workforce Shortage Does not Equal Student Shortage

- Pathways = More options for the population we serve
- 1300 ABE Students – 12% transition rate
- 2500 Applicants who don't register for a class
- 49% of placement test takers don't score high enough to take college level math
